PLEASE REMEMBER

In 1766, during Governor Benning Wentworth's tenure of office, he made a grant of land to Clement March, Henry Paget and Baron Burton. This township was known as Burton until its incorporation in 1833 when the name was changed to Albany.

Therefore, it only seems fitting that we should make note of the Founding of our Town in some special manner. However, being of limited requirements needed to make this a splendid affair, we must content ourselves with a minor acknowledgment of this memorable date.

Therefore, we the Albany Civic Group, are soliciting the assistance of the townspeople and other interested persons to help this project.

The plans now are to print a brochure containing illustrations and bits of information for pleasurable reading. Any old town reports, clippings, pictures or valuable knowledge in this line that would help, we would appreciate the loan of the same and we will preserve any documents intrusted to us. They will be returned as soon as possible.

Gratefully,

The Albany Civic Group

Report of Albany Cemetery Association

Edna Drouin was elected to fill the two-year term, Forrest Wilson the third-year term.

Urban Lyman took care of the Passaconaway, Canada Street, High Street and Moody Cemeteries. Frank Berry cared for the Jewell Cemetery in Wonalancet.

The money received for the down timber, in the Hammond Cemetery, was used to help pay the costs of having the lines run in the cemetery.

Roger Burnell was hired to run lines and establish corner posts, but because of a difference of opinion between the Arnold Williams Cemetery Grant and the present owner, the fourth corner post was not established.

Respectfully submitted,

Dorothy Wilson — 1965
Edna Drouin — 1966
Forrest H. Wilson — 1967

Report of the Forest Fire Warden and Your District Chief

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2,280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86 per cent wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.

2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.

3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine co-operation during the past fire season and with your continued co-operation we are confident that we can improve our fire record in 1965.

Number of fires and burned area in 1964: state, 886 fires, 875 area acres; district, 93 fires, 70½ area acres.

Report of the Lora Johnson Pierce Scholarship Fund

The Albany Civic Group, formed through the efforts of Mrs. Augusta Perry in 1962, have worked very hard to establish and maintain this Scholarship for the benefit of deserving students. Those receiving benefits from this fund in 1964 are Gregory Morrill, attending the University of New Hampshire and Wanda Wilson attending Cambridge Business College. We are sorry to report that no student took advantage of the fund set aside for the Citizenship Tour in Washington, D. C., in 1964. We would like to express our sincere thanks and appreciation for all the donations to the Otis Johnson Memorial Fund. These donations were given to the Scholarship Fund in his name as Mr. Johnson's most earnest desire had been to help this Fund. With the continued efforts of the group and of those who have given so generously in the past, we are quite confident the Scholarship Fund will continue to grow that more deserving students of Albany may benefit.

Program of the White Mountains Region Association

1964

The White Mountains Region Association this year has published and distributed 136,000 promotional folders and co-operated with the five other Region Associations in publishing 400,000 copies of the New Hampshire Accommodations Booklet.

We received a total of 7,500 individual inquiries about the Region which were answered with a package of folders and with personal letters. Because we are closely associated with the State of New Hampshire promotional effort, we receive in our office inquiries which are generated by the State. The Region Association's address is listed on one and one-half million individual pieces of literature published by the State.

In addition to maintaining an active and effective mailing office, the Association has encouraged and promoted many important developmental projects for the region. Such projects include Northern Ventures, a venture capital corporation to assist people who have ideas for industry; Temple Monorail System at Twin Mountain; the Kilkenny project in Lancaster; Mt. Agassiz Development in Bethlehem and Big Bear Ski Area at Bartlett.

Through our Industrial Council, we have changed the emphasis of industrial development of the State of New Hampshire so that it includes the northern three counties and also encourage a "do-it-yourself" attitude with industrial development groups.

Last year we assisted in promoting an appropriation of \$65,000 for the construction of the Whitefield Regional Airport and went on record opposing the Livemore Falls Dam in the Pemigewasset Valley.

Presently we are planning to establish an active Historical Sites Committee, who will encourage the development of major historical sites in the region, an asset which we have which has not been developed to its full potential.

The work of the Association is continually hampered by a lack of adequate funds. In order to do the work necessary to raise our economy, the full support of all towns in the region is needed.

Respectfully submitted,

John P. Wilson

Executive Secretary
